Evolution Plus Water-Jel Burns Kit (Small)

- Burns kits with shelves and wall brackets
- Contains a variety of products specifically designed for the treatment of burn injuries
- All kits include Water-Jel dressings, the professionals choice to ensure the best treatment for burn injuries
- Medium and large kits also include clothing cutters for rapid removal of clothing from the burn site
- The kit also includes a quick release wall fixing bracket and kit identification label
- Adjustable shelves and a self-supporting workbench allowing the kit to be used on the bracket

Evolution Plus Water-Jel Burns Kits is a comprehensive professional burns kit for any environment and comes with quick release wall fixing bracket and kit identification label. The kit contains a variety of products specially designed for the treatment of burn injuries and includes Water-Jel dressings. Water-Jel dressings are the professional's choice to ensure the best treatment for burns injuries. Water-Jel Burn Dressings provide fast, one-step relief for emergency first aid when someone has been burned. The dressing stops burn progression and cools the skin, relieves pain and protects against airborne contamination. The contents can be organised inside the kit on the adjustable shelves in order to recognise the products faster in case of an emergency. Evolution Plus Water-Jel Burns Kits are available in three sizes (small, medium and large) and the medium and large kits also include clothing cutters for rapid removal of clothing from the burn site. The contents are supplied in a robust, durable Evolution Case. The case has great portability and can be wall mounted with the help of the bracket for better storage as well as for creating a self-supporting workbench to work on. The kit identification label helps in identifying that the kit has been removed from its place. Evolution Plus Water-Jel Burns Kits comes in red colour for easy identification and has a white cross and "Burns Kit" marking on the case for easier recognition in case of an emergency. Evolution Plus Water-Jel Burns Kits is used by the majority of fire and ambulance services.
